To modify the conditions of supervision as follows:

You shall abstain from alcohol and shall submit to testing (including urinalysis and Breathalyzer), as directed by the supervising probation officer, but no more than 6 tests per month, in order to confirm continued abstinence from this substance.

You shall abstain from the use of illegal controlled substances, and shall submit to urinalysis testing, as directed by the supervising probation officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**CAUSE**

Christopher Urbanski violated conditions of his supervised release by consuming cocaine on or about October 26, 2005, contrary to condition number 7 of the conditions of supervised release.

On October 27, 2005, Christopher Urbanski was summoned to the Iverson Center for urine testing. The sample was tested on site and returned a presumptive positive reading for cocaine metabolites. Subsequently, the sample was forwarded to Scientific Testing Laboratories for further analysis. On November 7, 2005, he reported to the United States Probation Office and signed an admission of drug use form acknowledging cocaine consumption on or about October 26, 2005. Christopher Urbanski advised that he consumed the controlled substance while with an acquaintance. In addition, on October 12, 2005, the offender appeared for urinalysis testing while under the influence of alcohol. He submitted a valid breath sample which resulted in a .122 reading.

**Re: Urbanski, Christopher Edward****December 8, 2005****Page 2**

**U.S. Probation Officer Action:** As an intermediate sanction, Christopher Urbanski was directed to abstain from the use of controlled substances and excessive use of alcohol for the remainder of supervision. Additionally, the frequency of urinalysis testing will continue to occur no less than once weekly. The offender was also directed to participate in substance abuse counseling to include group and individual meetings. The undersigned officer discussed this matter with the chemical dependency counselor and confirmed the offender will begin counseling at once.

On December 6, 2005, the offender signed a waiver of hearing agreeing to abstain from alcohol and submit to testing (including urinalysis and Breathalyzer), as directed by the supervising probation officer. It is respectfully recommended that the Court adopt the waiver of hearing to modify conditions as outlined above.

It is hoped that the intermediate sanction imposed meets with the expectations of the Court. Please advise this officer should Your Honor require a different course of action or a court appearance by the defendant.

Respectfully submitted,

by

Tommy Rosser

U.S. Probation Officer
